Tied to Ohio Pick 3 Numbers!

Only 1000 calendars will be sold. A PDF version of the calendar will be sent to the buyer with the calendar number stamped on it. Calendar numbers assigned randomly (000 to 999). Each day's winner will be the calendar number matching the winning Ohio Lotto Pick 3 number for that day's 7:30 PM drawing. In the event that not all 1000 calendars are sold and a Pick 3 number is drawn that does not have an assigned calendar, a random drawing will be done from all purchasers. The same calendar can win more than one day, and multiple calendars may be purchased for increased chances.
